Pinoso or El Pinós rests on the border between the provinces of Alicante and Murcia. This large traditional town is surrounded by the charming Spanish countryside and beautiful sunny homes. has around 50 restaurants and bars, great medical centre open 24 hours, large sports centre with football, tennis, padel, rock climbing, gyms etc

Pinoso has all the amenities you need: Supermarkets such as Consum, Dia, Mas y Mas and Hiperber, a wide range of restaurants including Irish and Indian and bars (50+), a 24hr medical centre, English speaking dentists, veterinary, a weekly market on Saturday and indoor market open 6 days a week. Pinoso has 3 primary schools, a high school and a music school. There is also a new cultural centre which houses a library and Spanish classes open to foreigners.

Throughout the year Pinoso has its traditional Spanish Fiestas with parades and musical performances which are renowned around the country, bonfires with a magic feeling and were people go out on the streets. There is also an annual running of the bulls (the bulls are not harmed!) which draws crowds from around the region to watch the brave participants join the bulls in the special arena.

The city Elda & Petrer is a 20 minutes drive, it has a large Hospital with English speaking doctors, a huge range of bars and restaurants, indoor shopping center, big international gym, Carrefour, Aldi, Lidl, Cinema with English movies shown weekly, bowling and fast food outlets.

Alicante airport, city and beaches is only 45 minutes drive away.

Pinoso has a population of around 10,000 and was previously focussed on agricultural with a thriving footwear industry, it is now attracting the attention of foreign buyers as an ideal location for a holiday home away from the hustle and bustle of the busy coastline resorts but with the convenience of access to Alicante and Murcia Airports. There are 45mins and 1hours drive away respectively, with routes to all the major European airports serviced by most of the popular airlines.

The origins of Pinoso are a mix of various cultures, including the Iberians, Romans (who probably began the vineyards) and Moors. After the re-conquest Pinoso came under control of the Kingdom of Aragon and at this time was just a small group of hamlets, it gained it's independence from Monovar in 1826. The parish church was built in 1743 in honour of Saint Peter the Apostle.

The area around Pinoso is still mostly for agricultural use and grape vines are the most widely grown crop, the local Monastrell variety being one of the most popular and this produces some excellent quality red wines for which the area is renowned. Pinoso is also important for the production of marble and rock salt.
